

ALL MODELS

BACKGROUND

Swivel chairs which are in use around the clock, in control rooms, production monitoring and IT control centres for example, are subject to up to 7 times the wear and tear of those in normal offices.

Proven technology from the automotive industry

Our swivel chairs draw on the expertise of a leading manufacturer of high quality seating systems for commercial and construction vehicles, in which comfort, support and resilience are paramount.

Enhanced cushion contouring, durable materials and ergonomic adjustments are just some of the features which make a StolComfort chair one of the most comfortable and robust office chairs around.

24 hours a day, 7 days a week

We know that special situations require special solutions. So our range of swivel office chairs, designed for 24 hour use, lets you concentrate on your work in a relaxed posture.

See for yourself with our free 14 day trial.

HIGH PERFORMANCE SWIVEL CHAIRS FOR 24h HOUR USE

Extremely durable

OPTIMUM FRAMEWORK
The extra high-back metal frame designed for the rigorous conditions encountered in commercial vehicles ensures the chair is extremely durable.

Ergonomic cushions

HEALTHY SEATED POSITION
The ergonomically shaped cushions distribute pressure evenly and mould themselves to your body, relieving the muscles without the need for complex adjustments.

Flexibility

IN TUNE WITH YOUR BODY
The user follows your movements, providing beneficial comfortable support for your feet and back. Your feet are in contact with the floor the whole time providing necessary support.

Lumbar support

CORRECT WORKING POSTURE
The pneumatically adjustable lumbar support ensures your spine is in a healthy position. The intervertebral disks are relieved and muscular tension avoided.

Quick-adjusting

EASY TO ADJUST
There is no time in the busy working day for complicated adjustments. The quick-adjusting lumbar support can be adjusted easily and with precision.

Service

THREE YEAR GUARANTEE
Our chairs are guaranteed to last even when they are in continuous use over 3 shifts.

3 YEARS GUARANTEE

FREE TRIAL
Why not see for yourself how comfortable our chairs are? You can do this in the comfort of your own office, with no pressure and no obligation.
